

Third Nine Weeks Math Pacing Guide

2. OPERATIONS AND ALGEBRAIC THINKING (OA)

CC.K.OA.1

Represent addition and subtraction with objects, fingers, mental images, drawings (drawings need not show details, but should show the mathematics in the problem), sounds (e.g., claps), acting out situations, verbal explanations, expressions, or equations.

CC.K.OA.2

Solve addition and subtraction word problems, and add and subtract within 10, e.g., by using objects or drawings to represent the problem

4. MEASUREMENT AND DATA (MD)

CC.K.MD.1

Describe measurable attributes of objects, such as length or weight. Describe several measurable attributes of a single object.

CC.K.MD.2

Directly compare two objects with a measurable attribute in common, to see which object has "more of"/"less of" the attribute, and describe the difference. For example, directly compare the heights of two children and describe one child as taller/shorter.
