REMINDERS

* Please remember to turn in any papers (registration, proof of residency (2), housing survey, etc.)

*Make sure to check your child's folders (especially Monday's and Friday's). Grades and behavior will be sent on those days. Please sign and return them the next day!

NO SCHOOL SEPT. 5!

MATH-

We will continue with multiplication for awhile. Chapter 5 continues multiplication teaching patterns for times tables. **It is VERY important that your child is practicing their multiplication tables on their own at home.** This will prepare them to begin the timed tests.

HOMEWORK: Study multiplication tables for the test!

Chapter 5 test WEDNESDAY!

Science/ social studies:

We will begin reading "The Astonishing Journey of Teddy Bodain". This story is about a girl in late 1800's who traveled across the south into Florida to start a new life. Every day, we will read a letter she wrote discussing her journey/life. We will be working on this story for awhile and do activities, tests and reading comprehension along with the story.

Who is SHINING in math?

Martavion Young
Makenzie Cole
